KLOTZ DIGITAL AUDIO SYSTEMS INC. NAMES LARRY HOWARD VICE PRESIDENT SALES

Norcross/Las Vegas, April 2006 – Seizing the opportunity of NAB 2006 KLOTZ DIGITAL Audio Systems Inc. today announced the appointment of Larry Howard as Vice President Sales for South, Central and North America. Howard brings extensive knowledge of the audio market to his new role, having over 20 years of experience in the Commercial Electronics field with an emphasis in designing and distribution of state of the art Audio Video Systems, loudspeakers, loudspeaker systems, networking peripherals and electronics.

Howard will accelerate the ongoing development of new business in the Broadcast sector and thus push the growth of KLOTZ DIGITAL Audio Systems Inc. He will be responsible for the company's direct product sales and will work closely with KLOTZ DIGITAL's OEM partners. Howard's duties also include analyzing industry trends for further developments of KLOTZ DIGITAL and the implementation of strategic sales processes to bring new products, such as KLOTZ DIGITAL's stand alone console XENON, successfully to the market.

"Larry's indisputable sales and engineering track record will be a valuable asset to the company as we continue to grow our base of customers and partners. We are very fortunate that an individual possessing such significant experience and proven ability in

the audio media market has joined KLOTZ DIGITAL”, says Thomas Klotz, CEO of KLOTZ DIGITAL AG. “Larry has a unique and well-rounded understanding of the industry and his experience will no doubt provide us with many excellent opportunities to fuel our growth as a leading provider in our field.”

Prior to joining KLOTZ DIGITAL Howard held positions at Universal Studios, Planet Hollywood International, Soundelux Showworks and the leading manufacturers Tannoy and Community Loudspeakers. At Tannoy and Community Loudspeakers Howard developed several award winning products for commercial and studio applications.

“As Vice President Sales of KLOTZ DIGITAL Audio Systems Inc, I intend to broaden the company’s growth pattern which is already established in the North American market. I am convinced that KLOTZ DIGITAL’s products are the best in the industry, and I am excited to have the opportunity to introduce them to new markets and industry segments”, says Larry Howard. “The incredibly powerful VADIS platform can be utilized in many markets. The VADIS 880 Frame is unlike any other product currently available in the market with its tremendous digital and analog I/O capabilities, its GPI and DSP cards and so many other creative and beneficial options”, concludes Larry Howard.
